

Harvest Operations Corp. is a diverse energy company, based out of Calgary, offering exposure to conventional upstream oil and natural gas production and SAGD operations. We are focused on identifying opportunities to create and deliver value with an active development program and a technical approach taken to maximize our assets. Harvest is committed to protecting the health and well-being of our people, the public and the environment through every decision and action taken each day.

Harvest has an immediate opening for a **Foreman – Steam, Water, and Utilities** reporting to the Superintendent, BlackGold. This is a full time position located at the BlackGold SAGD Facility near Conklin, AB. The successful candidate will reside in a camp facility on a rotational basis.

Key Responsibilities:

- Fill the role of Chief Power Engineer, as per the Power Engineers Regulation of the Safety Codes Act.
- Supervise, lead, and mentor a team of Shift Engineers, Control Room Operators, and Unit Operators with a focus on steam generation, water reuse, and utilities.
- Manage employee performance reviews and staff development.
- Ensure all boilers and pressure equipment are compliant with the Pressure Equipment Safety Regulation.
- Management of the pressure relief devices' car seal program.
- Manage budget and cost control in area of responsibility.
- Ensure compliance with ABSA, AER, OH&S requirements.
- Maintain compliance with required safety certification and regulatory requirements.

Qualifications

- Valid 1st Class Power Engineering Certificate of Competency.
- A Degree or Diploma in a related program such as Power Engineering, Mechanical, Petroleum, or Chemical is an asset.
- Valid Class 5 Operator's License or equivalent.
- Minimum 10 years of industrial facility operations and 5 years supervisory experience, SAGD experience is an asset.
- Experience with budget and cost management is an asset.
- SAGD or other oil and gas facility commissioning and start-up experience is an asset.
- Self-motivated with a strong work ethic, good communication skills, and a positive attitude.
- Proficient with personal computers, software applications, and facility control systems.

Harvest Operations Corp. provides competitive compensation and a comprehensive benefit package including both short term and long term incentive plans. Please visit Harvest's website at www.harvestoperations.com to learn more about our company.
