

Harvest Operations Corp. is a diverse energy company, based out of Calgary, offering exposure to conventional upstream oil and natural gas production and SAGD operations. We are focused on identifying opportunities to create and deliver value with an active development program and a technical approach taken to maximize our assets. Harvest is committed to protecting the health and well-being of our people, the public and the environment through every decision and action taken each day.

Harvest has an immediate opening for a **Millwright** reporting to the Maintenance Supervisor. This will be either a staff or contract, full time position located at the BlackGold SAGD Facility near Conklin, AB. The successful candidate will reside in a camp facility on a rotational basis.

**Key Responsibilities:**

- Support the health safety and environmental goals of the project.
- Troubleshoot, analyze, diagnose, and perform maintenance work on equipment.
- Complete mechanical maintenance and modifications following applicable codes, manuals, schematics, diagrams, and other specifications.
- Utilize knowledge, skills, and experience to make recommendations for cost savings and improvements.
- Maintain all required safety certification.
- Commitment to best practices in health, safety, and environmental management.

**Qualifications**

- Valid Inter-Provincial or Provincial Journeyman Certificate, preference will be given to candidates that are dual trade certified (Welder or Pipefitter).
- Valid Class 5 Operator's License or equivalent.
- Minimum 5 years working in an industrial facility with exposure to single and multistage centrifugal pumps, mechanical seals, fans, and compressors.
- Experience with equipment used in the SAGD process, such as boilers, mechanical vapour compression evaporators, treating vessels, heat exchangers, and oil and water tanks is an asset.
- SAGD or other oil and gas commissioning and start-up experience is an asset.
- Ability to read and interpret mechanical drawings.
- Self-motivated with a strong work ethic, good communication skills, and a positive attitude.
- Proficient with personal computers, CMMS, and other software applications.

Harvest Operations Corp. provides competitive compensation and a comprehensive benefit package including both short term and long term incentive plans. Please visit Harvest's website at [www.harvestoperations.com](http://www.harvestoperations.com) to learn more about our company.
