Harvest Energy Trust is a Calgary based oil and natural gas trust that strives to deliver stable monthly cash distributions to its Unitholders through its strategy of acquiring, enhancing and producing crude oil, natural gas and natural gas liquids. Harvest's assets, comprised of high quality medium and heavy gravity crude oil properties in East Central Alberta, and its hands on operating strategy underpin Harvest's objective to deliver superior economic returns to Unitholders. Harvest's strategy is to retain up to 50% of its Cash Available for Distribution for capital reinvestment in the form of existing property enhancement and new property acquisitions while maintaining a high rate of cash distributions. Harvest currently operates approximately 99% of its production, enabling it to pursue additional asset growth through property optimization and enhancement.
